

**All Practitioners will be wearing masks and gloves.

**All Patient contact areas will be cleaned with a hospital grade germicidal cleaner immediately after every patient is seen.

**Patients and Practitioners will be staggered throughout the day to minimize contact and visit times will be elongated to allow for proper cleaning.

**Only essential treatments will be offered at this point in time in order to expedite patient care and allow for additional patients to be seen.

**Weekly office hours will be reduced in order to allow for cleaning and disinfecting.

**Patients will be asked to wear masks, clean hands prior to entering office and will be asked to call us from parking lot to be brought into the office and escorted back to treatment room immediately. We will attempt to minimize contact at the front desk by asking you for payment virtually and asking you to schedule over the phone or through email, or text message.

**Patients will be screened ahead of their visit for any symptoms of concern and if they have been exposed to anyone else with concerning symptoms. If you are someone who is immunocompromised and/or over the age of 65 years old, please use your judgment with coming in for care as we are concerned about your well-being.

**Patients will be screened for elevated body temperature prior to their treatment.

**Patients will enter the office through the front door, escorted by their practitioner and will be asked to exit through the office back door in order to allow for a decrease in contact while in the office. Please do not walk into the office until you have been told to enter, we are trying to avoid having patients waiting in the waiting room.

**Massage Therapy will not be offered currently, we will be delaying the re-opening of Massage until we have deemed it safe to do so.

We hope that these precautions and procedures will allow for us to treat you safely and effectively and continue to make your health and well-being our top priority. We are here to help you and plan to continue to do so in the safest way possible.

Please feel free to contact us for appointments for Chiropractic and Acupuncture and we will do our best to accommodate you. If you have a previously scheduled appointment, please contact us first to confirm as our hours have been altered in order to accommodate the changes above.

We thank you for your continued support, your understanding during these difficult times and we look forward to giving you what we are all lacking right now- comfort and human connection. We look forward to seeing you and getting you back to where you need to be!
